Plan County League.

People of Caledonia County Asked to Organize for the Development of Good Trout Fishing and Other Natural Attractions.

A circular letter is being sent to gentlemen in Caledonia county towns asking them to attend a meeting to be held in the Y. M. C. A. building in St. Johnsbury, Friday, Feb. 25, at 2.30 in the afternoon at which time it is hoped to form a permanent county organization to promote the work of stocking the good trout streams in this section with fingerling trout and in the course of time develop good trout fishing hereabouts.

The circular says in part: "In this movement the co-operation of all citizens and especially those who are interested in good fishing, whether from the view point of the sportsman or as owners of brooks and ponds, is imperative."

"Come prepared to show what stream or pond you desire to have stocked. Our temporary chairman, John W. Titcomb, advises that a generous and general planting of fingerling trout in our waters cannot but help to vastly better the fishing for all. This meeting should be of great interest to all, who are not so situated that they can stock and fence a stream or pond."

The invitation is extended to all citizens of Caledonia county regardless of politics and it is planned at the meeting to effect a permanent organization, elect a committee for each town and discuss plans.

This move is the result of a meeting held by a few men who have personally been interested in stocking some of the streams in this vicinity and who as the result of their experience are convinced that organized effort can bring beneficial results to all. At that meeting last Wednesday evening a temporary organization was made by electing J. W. Titcomb chairman and Guy W. Hill secretary. It was suggested that the organization might be of greater usefulness than developing fishing by studying the natural attractions and possibilities of this section and developing them in whatever way seemed practical, also by making an effort to have laws better enforced. It was made clear that the movement was not to represent any clique or town alone but embrace every citizen of the county interested in its development. So it is hoped there will be a good attendance at the meeting here next Friday.

Dr. Piatt of Rochester, N. Y., to Speak in St. Johnsbury.

The men of St. Johnsbury will be afforded a treat Sunday next, when Dr. Byron C. Piatt will deliver his address entitled, "The Gift of Power," in the Colonial hall at 3 p. m., in the auspices of the Y. M. C. A. Dr. Piatt has travelled all over America and has a wide reputation.

Grace church quartet will render special music and a bright hour is promised.

Personally Conducted Fishing Tours.

The Morrisville News and Citizen says: It does not seem to be generally understood that as Lake Lamolite and the Lamolite River are inhabited by trout, fishing therein is illegal except from May 15 to Aug. 15 of each year. It is for the benefit of all that these waters be protected, and all violations of the law will be prosecuted. If parties wish to fish for suckers or pickerel during the closed season, Commissioners Thomas has very kindly arranged that they may do so in the presence of a warden, under his right to destroy noxious fish in trout waters. Any parties wishing to fish in Lake Lamolite for suckers or pickerel, will be provided with an attending warden by notifying County Warden J. W. Stevens, Hyde Park, Vt.

Thief Got \$100 Cash.

Man Giving Name of Joseph Hern Took Money Out of Envelope Belonging to C. J. Smith of West Burke and Ran Away.

Charles J. Smith of West Burke was here yesterday conferring with Chief of Police Hall about the capture of a man claiming to be Joseph Hern, who had stolen about \$100 from him Monday morning and left town. Mr. Smith, as is his usual custom, prepared a deposit for a St. Johnsbury bank and placed it in a letter to be mailed to the bank. He gave the letter to Hern, who had been working for him for two or three weeks, to mail and that is the last he has seen of him.

Hern opened the letter and took out the currency amounting to about \$100 and sent the checks in the letter on to the bank. This was about six o'clock Monday morning. Mr. Smith has found that he either took the train or walked to Lyndon, where he hired a team and came to St. Johnsbury. From here he bought a ticket for Concord and when he got there he went across to a station on the Boston & Maine railroad and bought a ticket to Haverhill, Mass. Yesterday the officers had not succeeded in getting any further trace of him.

Hern came to Smith a few weeks ago and was given work. He is a smooth faced young man about 23 years old, although he looks younger. He claims to have been a sailor a good portion of his life and has a peculiar gait. He was dressed in a lumberman's clothes and leggings when he left West Burke.

C. M. Howe is Missing.

Attachment Placed on His Property and Business Will be Closed Out.

C. M. Howe, the meatman on Eastern Avenue, is enjoying life in some unknown locality and his meat market has been closed by an attachment placed on the property by Swift and Co. His last public appearance in St. Johnsbury was at The Colonial when he with others created such a disturbance that Manager Schultz made a public apology for their presence in the theatre.

Mr. Howe has been disappearing frequently of late and got so late in his financial matters that Swift and Co. felt it necessary to attach his property to protect themselves. The help in the market closed out all the meat on hand last Saturday evening and the market is closed. It is stated that there is enough property to protect his creditors and it is expected the market will be reopened very soon under the management of men formerly in Mr. Howe's employ.

A Washington Party.

Washington's birthday was observed in Bertrand's hall last night when 150 couples danced as guests of the Crescent Club. The affair was in charge of Fred Willey and Archie Wilcomb and among those present were many from Lyndonville, West Burke, Woodville and Barton. Excellent music was furnished by Madame Brock's orchestra of seven pieces and the event was without doubt one of the pleasantest of the season. Refreshments of fruit punch and fancy wafers were served during the evening by the Misses Cora and Eva Howe.

F. G. Fleetwood Coming.

Will Publicly Discuss the Issues of the State Campaign at The Colonial Friday Evening, March 11.

The announcement by F. G. Fleetwood of Morrisville that he was willing to meet the people of any section of Vermont and publicly discuss the measures he proposes to stand for as a candidate for the governorship led some of his friends in this place to send him an invitation to come here. This being his birthplace, it was deemed fitting that he should make his opening speech here. He has responded to the invitation and says he will come any night convenient to the people here in the week beginning March 7th.

The date has been definitely decided. He will speak here Friday evening, March 11, at The Colonial, at eight o'clock. Every seat in the house will be free to any citizen who wishes to come and the opportunity to hear a man discuss in the open his claims to the governorship before the nomination is made will be a novelty in Vermont. Mr. Fleetwood is an acknowledged able public speaker and no doubt will have something interesting to say. The opportunity to hear him will not be confined to St. Johnsbury but will be open to any people interested in this section.
